Our total exports of products of agriculture were valued at \$256,569,972

in 1860 after fourteen years of a Free-trade Tariff. In 1892 under the McKinley law our exports of agricultural products were valued at \$799,523,332

Which policy closes foreign markets to our farmers?

If Bayard for Secretary of State, why not Garland for Attorney General? Let the old firm reorganize by all means.

Now that the Democracy is about to assume the reins of Government the cry for a National bankruptcy law grows louder.

Congress is urged to establish a Federal road department. Not while Representative Cummings holds the “state rights” citadel.

Tammany got its fine work in against the National Quarantine act. It is a great triumph for Hill, Croker and the undertakers.

The defeat of the National Quarantine bill will simply mean that a Democratic Congress has more regard for the partisan interests of Tammany Hall than for the public health of the United States.

With a majority in the House so large that the responsibility for legislation cannot be shifted or evaded, the Democracy is whining that the wicked Republicans won’t allow it to repeal the Sherman act!

At this distance it looks as though the Populists and other political jugglers of various shades and grades were doing a great deal to render Kansas a first-class state for order-loving people to keep away from.

Increased imports in 1892 of nearly \$50,000,000 over the preceding year somehow fail to show that the McKinley Tariff is that terrible “Chinese wall” bugaboo which has been used to frighten the Democratic children.

The pro-British organs of the Dominion deny that there is any annexation sentiment in that country. Just the same, about 1,000,000 Canadians have annexed themselves to the United States by immigration within recent years.

In the regard of a Congress solidly Democratic the political interests of Tammany Hall outweigh the needs of the rest of the United States. Health Officer Jenkins is “vindicated,” and the Federal Government stands rebuked.

If the Kansas Senatorship is really for sale, as it seems to be, it is because Populist trucking and general political cussedness have made it so. All signs indicate that Kansas is badly in need of a bath and a period of political rest.

Secretary Foster estimates that there will be a surplus of about \$20,000,000 in the Treasury when he retires from office. But what will a little sum like that amount to when a new Democratic Congress with its innumerable schemes gets after it?

Inasmuch as the Indiana State Senate refused to adjourn as a mark of respect to the late President Hayes it should follow up its action by reading Mr. Cleveland out of the Democratic party for his audacity in going to Ohio to attend General Hayes’s funeral.

Objector Holman is already at the front prepared to make all sorts of trouble with the appropriations. The venerable chasse-pair economist has got to do something to attract attention, and will probably choose the old theatrical method with which he is so familiar.

How to Save Doctor Bills.

Chicago Daily Cabinet.—Many a doctor's bill has been saved by the use of Chamberlin's Cough Remedy. It is a household word in every home. Chamberlin's medicines have an extensive sale in the World's Fair city, and many people testify to the merits of their different remedies. For sale by Power & Reynolds, druggists.

HON. JOHN G. CARLISLE has our thanks for copies of the report of the Commissioner of Education.

Tobacco Users Smile. Those that their wives smoke, because they need nerves, weak eyes, chronic catarrh and lost mirth tell the story. If your husband uses tobacco and you want him to quit, yourself about No-o-to, the "miraculous" home, guaranteed to prohibit even the smoking of your little book titled, "Don't Tobacco Spit and Smoke Your Life Away," mailed free. Spit stores generally sell no-to-be.

MRS. HENRY HASSON died at her home in the First Ward at an early hour this morning. She was a good woman and was always held in high esteem by those who knew her. The funeral will take place to-morrow afternoon at 3 o'clock.

The Funeral Unanimous.

It pleased the lawyer and his client, too, to have the verdict of the jury unanimous. A great jury, composed of the American public, has given an unanimous verdict on Dr. H. H. Hasson's "Cough Cure," a medicine, agreeing that its promise of a speedy cure for coughs and bronchial troubles are always carried out to the letter. This pleasant verdict has been a great relief to all great pains taken to make it the best cough medicine in the market. Try a bottle when you have a cough or cold and you will belong to the unanimous ever after. For sale by Power & Reynolds, druggists.

The Patriotic Order Sons of America will soon hoist the American Flag on all the Public Schoolhouses in the city—William H. Cox having offered to contribute the flags. The American Flag, and the Public Schools go well together.

How it Becomes Popular.

When people find an article much superior to anything of the kind they have ever before used, they are almost sure to tell their friends about it, and when they do, many others also soon learn the true value of their goods, and when they have an article of unusual merit they will almost invariably mention the fact to their friends. This results in a great measure for the success of our Chamberlin's Cough Remedy. Here is an instance: W. L. Needham, a prominent citizen and businessman of Ormsby, Mo., has been selling Chamberlin's Cough Remedy for many years, and recommends it to his customers, because in his experience it has proven to be the best for colds, cough and whooping-cough. He says it is the most popular medicine that he handles, and gives the best satisfaction. Fifty cent bottles for sale by Power & Reynolds, druggists.
